Freshness: Computed 2026-11-12T22:18:16.471Z
Access: Computed from every record in this workspace; you are a full operator.
USD sales forecast, not recognized accounting revenue. Dates use America/New_York calendar days; from is inclusive and through exclusive. All open value (including omitted) is weighted by its reviewed probability; categories are separate, non-cumulative amounts. Scheduled amounts are calendar occurrences, separate from bookings. MRR/ARR are the run rate immediately before through. Quota attainment uses complete overlapping calendar quota
