Quarterly pipeline review

Limited to your access: only records and fields you may read now are included, and nothing about hidden records is counted. Sharing a dashboard grants no record access.

Version 9 · America/New_York · USD · 2026-11-12T22:20:48.126Z

Open pipeline value and count

Version 1
Computed Nov 12, 2026, 5:20 PM EST (2026-11-12T22:20:47.860Z) from current records, checked against current data and access in the same transaction. Not saved.
Open deals: 1
Open value: $8,000.00
Pipeline / New business / Deals: 1
Pipeline / New business / Value: $8,000.00
Pipeline / Renewals / Deals: 0
Pipeline / Renewals / Value: $0.00
Stage / New business · Discovery / Deals: 0
Stage / New business · Discovery / Value: $0.00
Stage / New business · Proposal / Deals: 1
Stage / New business · Proposal / Value: $8,000.00
Stage / New business · Negotiation / Deals: 0
Stage / New business · Negotiation / Value: $0.00
Stage / Renewals · Renewal review / Deals: 0
Stage / Renewals · Renewal review / Value: $0.00
Stage / Renewals · Renewal commit / Deals: 0
Stage / Renewals · Renewal commit / Value: $0.00
Operator names need workspace settings access, so per-person groups are withheld. Totals use only records you may read.
Date range not applied: open pipeline is measured when computed, not over a period.
Win rate: No deals were won or lost in this period, so the win rate has no value.
Filtered to the chosen pipelines: activities, tasks, messages and bookings count only when linked to a deal in them.
